**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 2-4, 6-9, 13-25, and 39 are allowed.
2. The following is an examiner's statement of reasons for allowance: the examiner agrees with the applicant as to the novelty and non-obviousness of the subject matter.
3. Sole independent claim 39 is drawn to a long, detailed claim of using device model agents (DMAs) and common device model agent (CDMA) modules to monitor printers for a variety of tasks, including monitoring for events, updating services and processing orders. The claim is also drawn to a provisioning server in communication with the printer to handle orders and the printer lifecycle. Of the known art, none teach or suggest the combination of limitations of the independent claim as currently drawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
